Elianto

design : Espen Øino

Round platform.

Structure: matt varnished tubular stainless steel AISI 316 and mesh, adjustable plastic feet.

Seat padding: Aerelle® blue polyester fiber with a stress-resistant polyurethane insert, fixed foam covering in water-repellent polyester.
Seat upholstery: removable and available in the outdoor fabrics in the collection.

The platform is complemented by two swivel backrests and a side table attached to the structure.

Backrests and side table supports: gloss varnished stainless steel AISI 316 (reference colours: Mano Lucida wood sample collection).

Backrests padding: Aerelle® blue polyester fiber, stress-resistant polyurethane insert, fixed foam covering in water-repellent polyester.
Backrests upholstery: removable and available in the outdoor fabrics in the collection.

Side table: top made of aluminium honeycomb and heartwood edge, both finished with gloss varnish in a colour coordinated with the table support (reference colours: Mano Lucida wood sample collection).

Notes:
The seating area is divided into three sections and shaped to conceal the steel base, revealing only part of the feet.

The side table is detachable and doubles as a tray.

This product can be used also in interior environments.

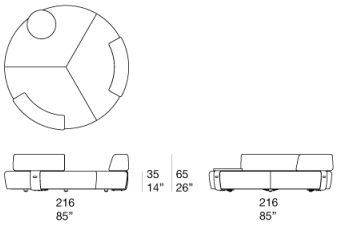

We advise to use a Winter Set protection cover.
