

LAWRENCE BED

Rodolfo Dordoni design

Struttura: giroletto monoscocca autoportante in legno multistrato di forte spessore. Il giroletto è progettato per accogliere al suo interno molle insacchettate ricoperte in superficie da uno strato di poliuretano espanso ad alta resilienza (esente da CFC).
Un pannello di multistrato forato, posto alla base delle molle, agevola l'aerazione.
Testata in multistrato, imbottita con poliuretano espanso a quote differenziate ad alta densità.
Tutte le parti imbottite sono rivestite con fibra termolegata ed accoppiata con tela di cotone bianca che conferisce morbidezza e sofficità alle imbottiture isolandole dal tessuto, garantendo igiene al prodotto. Ulteriore rivestimento in tessuto tecnico traforato nella parte superiore del giroletto, che permette una maggiore traspirazione della struttura a molle.
La confezione della testata è contraddistinta da cuciture dal carattere grafico e moderno.
Sfoderabilità: rivestimento completamente sfoderabile in tessuto o pelle. Per facilitare la rimozione delle fodere, è possibile sfilare la testata dal giroletto tramite un sistema di innesto e sgancio rapido.
Basi: portanti in estruso di alluminio (disegno esclusivo Minotti Studio) verniciate extra-lucido anti-touch nel colore Bronzo chiaro. Appoggio a terra tramite scivolanti in nylon.
N.B.: data la struttura del letto, non è possibile inserire la rete e regolare l'altezza del materasso.

Frame: one-piece, free-standing bed frame in very thick plywood. The bed frame is designed to accommodate pocket springs covered with a layer of high-resilience, (CFC-free) polyurethane foam.
A perforated plywood panel, placed under the springs, facilitates the circulation of air.
Headboard in plywood, padded with high-resilience, variable-density polyurethane foam. All of the padded parts are covered in heat-bonded fiber laminated to white cotton fabric that lends a soft fluffiness to the padding while segregating it from the fabric, ensuring the product is both natural and hygienic. The upper part of the bed frame is covered with an additional perforated fabric covering that allows greater circulation of air around the sprung structure.
The headboard is equipped with two headrests to allow optimum reading support and comfort.
The headboard features contemporary, graphic stitchings.
Covers: fabric and leather covers are completely removable. To facilitate removal of the coverings, the headboard can be lifted out of the bed frame by means of a quick set and release coupling system.
Bases: weight-bearing parts in extruded aluminum (exclusive Minotti Studio design) with high-gloss, anti-fingerprint, painted light Bronze color finish. Rests on nylon slides.
N.B.: given the architecture of the bed, it is not possible to insert a regular slatted base, or adjust the height of the mattress.

Struktur: Selbsttragender Bettrahmen in Schalenbauweise aus Schichtholz von erheblicher Dicke. Der Bettrahmen enthält einen Taschenfederkern, der mit einer Lage aus hochelastischem Polyurethanschaum bedeckt ist (FCKW-frei).
Eine gelochte Schichtholzplatte als Unterlage der Taschenfedern sorgt für die richtige Belüftung.
Das Kopfteil aus Schichtholz ist mit hochdichtem, verschieden dick geschäumtem Polyurethan gepolstert.
Alle Polsterteile sind mit thermofixierter Faser bezogen, kombiniert mit weißem Baumwolltuch, was der Polsterung eine weiche, elastische Note verleiht, sie aber vom Bezugsstoff trennt und damit Natürlichkeit und Hygiene des Produktes garantiert. Ein weiterer Bezug aus technischem Netzstoff bedeckt den oberen Teil des Bettrahmens, um eine bessere Belüftung der Federkernstruktur zu garantieren.
Das Kopfteil hat zwei Kopfstütze, die optimales Komfort zum Lesen bieten.
Das Kopfteil hat eine moderne graphische Absteppung.
Abziehbarkeit: Stoff- oder Lederbezug vollkommen abziehbar. Um das Abziehen der Bezüge zu erleichtern, kann das Kopfteil über ein praktisches, schnelles Stecksystem vom Untergestell abgenommen werden.
Untergestell: Tragende Teile aus Aluminiumpressguss (exklusives Design von Minotti Studio), bronzfarbig lackiert mit glänzendem Anti-Touch-Finish. Bodenauflage mit Gleitschutz aus Nylon.
N.B.: Die Struktur des Bettes erlaubt es nicht, einen Bettrost einzufügen und die Matratzenhöhe zu regulieren.

Structure: tour de lit monocoque autoportante en contreplaqué de forte épaisseur. Le tour de lit est conçu pour accueillir des ressorts ensachés dont la surface est recouverte d'une couche de polyuréthane expansé haute résilience (sans CFC).
Un panneau de multiplis perforé, favorisant l'aération, est situé à la base des ressorts.
Tête de lit en multiplis, rembourrage en polyuréthane expansé à densité différenciée et haute densité.
Toutes les parties rembourrées sont recouvertes de fibre thermoliée doublée de toile de coton blanc donnant davantage de souplesse et de moelleux aux rembourrages en les isolant du tissu, afin de garantir un produit naturel et hygiénique. Sous-housse en tissu technique perforé dans la partie supérieure du tour de lit, permettant à la structure à ressorts de mieux respirer.
La tête de lit est equippée avec deux appuie-têtes offrant un appui supplémentaire idéal pour la lecture.
La confection de la tête de lit est caractérisée par des coutures au caractère graphique et moderne.
Déhoussage: revêtement entièrement déhoussable en tissu ou cuir. Pour faciliter le déhoussage, on peut désolidariser la tête du tour de lit grâce à un mécanisme d'enclenchement et déclenchement rapide.
Bases: portantes en aluminium extrudé (d'après un dessin exclusif de Minotti Studio), peinture extra-brillante anti-trace de couleur Bronze. Complétée de patins glisseurs en nylon.
N.B. : Étant donné la structure du lit, il n'est pas possible d'introduire de sommier à lattes ni de régler la hauteur du matelas.

METALLO | METAL

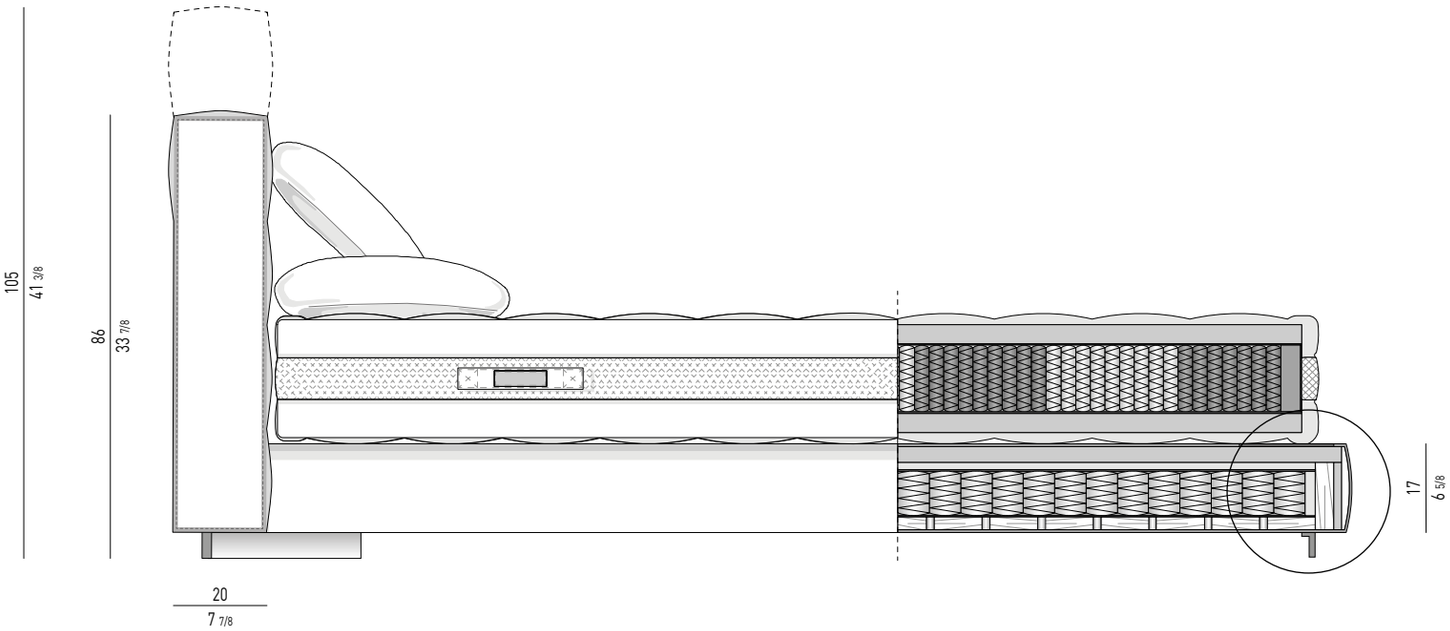

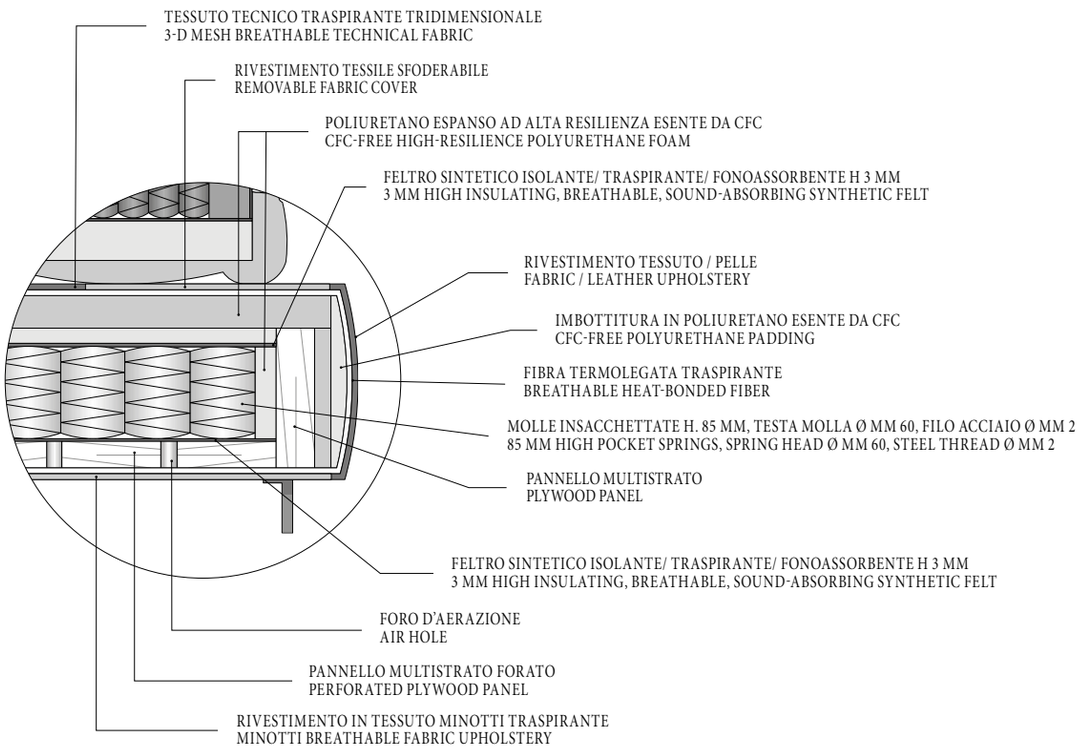

La base del letto è costituita da un moderno sommier H 17 cm caratterizzato dalla presenza di molle insacchettate che, insieme al materasso "Comfort H25", favorisce un'elevata qualità del riposo notturno. L'appoggio a terra è affidato ad essenziali quanto sofisticate lame in metallo verniciato Peltro.

The base of the bed includes the modern cm 17 -high base with pocket springs that, along with the "Comfort H25" mattress, promises an extremely restful night's sleep. The bed rests on simple, but elegant Pewter color metal blades.

Das Bettgestell besteht aus einem modernen Polsterbett H 17 cm mit Taschenfedern, das gemeinsam mit der Matratze "Comfort H25" eine optimale Qualität des Nachtschlafs garantiert. Die Bodenauflage besteht aus ganz einfachen, aber raffinierten, zinnfarbig lackierten Metallleisten.

La base du lit est constituée d'un moderne sommier H 17 cm caractérisé par la présence de ressorts ensachés qui, alliés au matelas "Comfort H25", favorisent un sommeil de bonne qualité. Il repose sur des lames essentielles et sophistiquées, en métal peint couleur Étain.

SOMMIER INTERO
La testata viene agganciata attraverso un sistema di innesto e sgancio rapido.

ONE PIECE SOMMIER
The headboard is fastened through a quick set and release coupling system.

SOMMIER EINTEILIG
Das Kopfteil wird mit einem schnellen Stecksystem am Gestell angebracht.

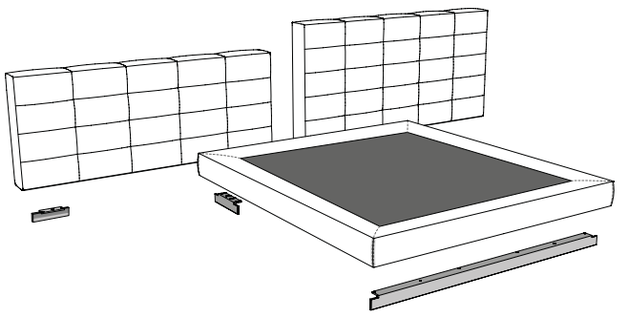

SOMMIER ENTIER
La tête de lit se fixe à l'aide d'un mécanisme d'enclenchement et déclenchement rapide.

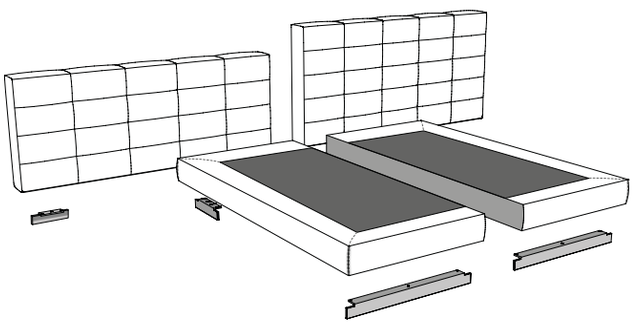

SOMMIER DIVISO IN DUE ELEMENTI
Versione con sommier diviso in due elementi, al fine di facilitare la consegna. I due elementi si congiungono tra loro a mezzo di un'apposita cremagliera. La testata viene agganciata attraverso un sistema di innesto e sgancio rapido.
I due elementi sommier vengono consegnati già rivestiti.

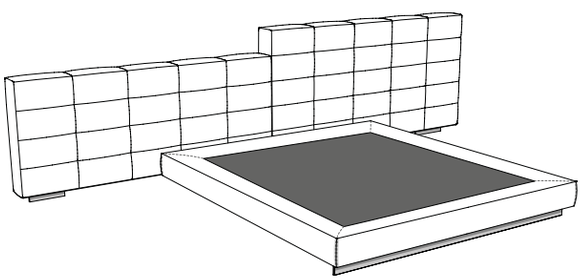

SOMMIER DIVIDED INTO TWO PIECES
To facilitate delivery, a version with the sommier in two pieces is also available. The two pieces are joined by means of a special connecting device. The headboard is fastened through a quick set and release coupling system.
The two sommier pieces are delivered with upholstery already in place.

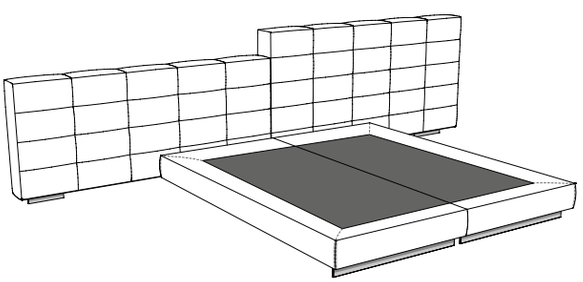

SOMMIER ZWEITEILIG
Variante mit dem Sommier in zwei Teile zerlegt ist, um die Lieferung zu vereinfachen. Die beiden Elemente werden über ein spezifisches, zahnradähnliches Scharnier miteinander verbunden. Das Kopfteil wird mit einem schnellen Stecksystem am Gestell angebracht.
Beide Sommier-Teile werden bereits bezogen geliefert.

SOMMIER DIVISÉ EN DEUX PARTIES
Version avec sommier divisé en deux parties afin de faciliter la livraison. Les deux parties s'encastrent à l'aide d'un système de fixation à crémaillère. La tête de lit se fixe à l'aide d'un mécanisme d'enclenchement et déclenchement rapide.
Les deux parties du sommier sont livrées avec leur revêtement.

TESTATE DISPONIBILI / AVAILABLE HEADBOARDS

Sono possibili testate con diverse misure, che consentono di realizzare sia configurazioni simmetriche che asimmetriche, con la possibilità di abbinare anche rivestimenti differenti.
Headbords in several sizes are available, to allow designing symmetrical and asymmetrical configurations. It is also possible to combine different fabric and leather option for upholstery.
