SMALL DESK

The MO BRIDGE collection is characterised by elegance and sophistication, with its soft lines and combinations of quality materials. Ancient craftsmanship merges with minimal shapes to generate the contemporary essence of these pieces.
The desk combines pure volumes in solid walnut or oak with a fine decorative surface in smooth leather. The stool offers a seat crafted from fine woven leather. Thanks to its essential design, it can decorate the interiors of contemporary, elegant and comfortable living spaces in any style, but it is also perfect for furnishing showrooms and hotels. Care for details and precision encounter craftsmanship and research. Distinguished by a soft and contemporary line, teh counter stool combines a wooden structure and tall tapered legs with a comfortable seat made of woven tick leather strips, which characterise the entire line.
