Bellhop Glass S1

Designed by Edward Barber and Jay Osgerby, 2025

LED retrofit - 30W

Bellhop Glass Suspension can be used it as an ambient but also as a task light, which directly illuminates, with a non-blinding cone of light, the surface on which it is suspended. The hole in the bottom part of the lamp, protected by an aluminum element, is shaped to direct the light (and change the bulb) avoiding the diffusion up to the eyes of those sitting at the table. A cone of light is therefore created inside the suspended Bellhop Glass, which expands homogeneously in the environment on all sides and lands on the table precisely, like a torch, visually signaled by the colored aluminum ring that surrounds the lower opening of the lamp.

Are you a professional and your project needs consulting and support?

Main specifications

EAN	8059607073780
Mounting	Suspension
Environments	Indoor dry location
Light source type	Bulb
Light sources included	No
Lamp category	LED retrofit
Lamp type	A
Lamp holders	E27
Ilcos	HSGSA
Number of lamps	1
Power (W)	30
System power (W)	30

Physical

Colour	Cioko
Length (mm)	330
Cord length (mm)	2700
Canopy colour	White
Canopy length/diameter (mm)	132
Canopy height (mm)	31
Net weight (kg)	3.1
Package volume (m3)	0.07
IP internal	20

In our constantly evolving world and business, technical upgrades happen every day. This means all product specifications and data are subject to change without warning in order t improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colours may vary. Images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any contract or warranty in any way.

Schematic light drawing

Luminous flux luminaire
3400 lm

Beam Angle: - 73°

h(m)	E(lx)	D(m)
