Foglio

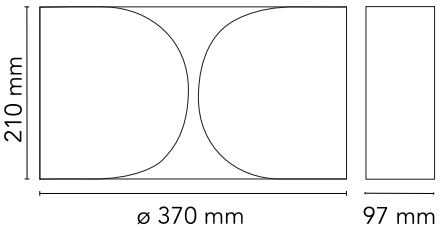

Designed by Tobia Scarpa, 1966

Halogen - 2 x 100W

Wall-mounted lamp emitting direct, indirect and partially diffused light. Features wall fitting and diffuser in powder-coated, polished pressed steel. Two lamp holder supports in white injection-moulded nylon.

Designed by Tobia Scarpa in 1966, Foglio transforms the simple gesture of folding a sheet of paper into a sculptural lighting design. Soft curves conceal the source while casting a gentle glow both upward and downward. Minimal yet compelling, it embodies elegance through simplicity. Even when switched off, Foglio remains a sophisticated decorative presence and its timeless form reflects Scarpa's design philosophy: intuitive, enduring and quietly poetic.
