KTribe Wall

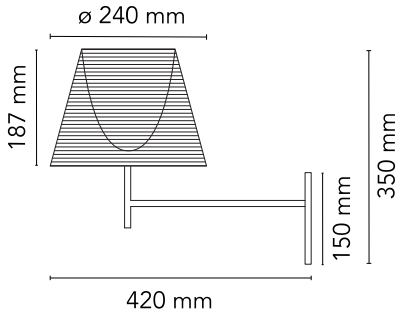

Designed by Philippe Starck, 2007

Halogen - 70W

Wall-mounted lamp emitting diffused light. Cover rose in die-cast polished and chrome-plated Zamak alloy with polished aluminium arm and diffuser support. Inner diffuser in opal injection-moulded PC (polycarbonate). Outer diffuser in PMMA (polymethylmethacrylate) with vacuum aluminium-coated inner surface. Upper ring in injection-moulded PC (polycarbonate). Light source dimmable in four steps via remote dimmer.

With KTribe, Philippe Starck reinterprets the playful spirit of his earlier Miss K in a more refined, architectural language. Guided by his principle of distilling form and function to their essence, KTribe transforms a familiar archetype into an object of understated glamour. An iconic example of contemporary design, it embodies Starck's instinct for reduction, where lighting is not just illumination but atmosphere, quietly enhancing the environments it inhabits.

Main specifications

EAN	8059607006207
Mounting	Wall
Environments	Indoor dry location
Light source type	Bulb
Light sources included	No
Lamp category	Halogen
Lamp holders	E27
Ilcos	HSGS
Number of lamps	1
Power (W)	70

Physical

Colour	Fumée
Length (mm)	240
Net weight (kg)	2.07
Package volume (m3)	0.05
IP internal	20

In our constantly evolving world and business, technical upgrades happen every day. This means all product specifications and data are subject to change without warning in order t improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colours may vary. Images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any contract or warranty in any way.

Schematic light drawing

Photometric

Lighting type	Direct, Indirect
Light distribution	Symmetric
Extreme cut off	No

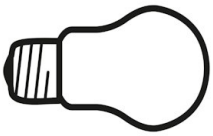

Electrical

Insulation class	I
Frequency (Hz)	50
Main voltage (Vac)	220-240
Dimmable	Yes
Dimming interface	Dimmer Integrated
Batteries inside	No
