SuperWire F

Designed by Formafantasma, 2024

56W - 4134lm - 2700K - CRI> 90

SuperWire is the first family of modular lamps designed by Formafantasma for Flos. A magical and poetic project, with an essential design but a great stage presence, which recalls the work of the great glass masters of the last century. Made of planar glass and polished aluminum, its design originated from the development of a custom-made light source that emits a warm and homogeneous light. Made up of one or more hexagons of planar glass connected by a polished aluminum element, SuperWire lights up its entire surface thanks to a new source: a very thin, flat, soft, flexible LED strip measuring up to one meter, which emits a warm and homogeneous light along its entire length and which can be easily removed for replacement and repair, unique in the panorama of LED bulb-less lamps. This floor version, is built with two 75 cm high modules, placed one above the other, resting on a steel tripod, a tribute to the historic Luminator by the Castiglioni brothers.

Main specifications

EAN	8059607068304
Mounting	Floor
Environments	Indoor dry location
Light source type	LED
Light sources included	Yes
LED type	Filament LED
Power (W)	56
System power (W)	56
System flux (lm)	4134

Physical

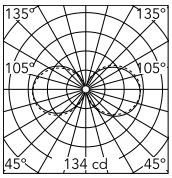

Colour	Steel
Length (mm)	792
Cord colour	Clear
Cord length (mm)	3000
Net weight (kg)	12
Package volume (m3)	0.14
IP internal	20

In our constantly evolving world and business, technical upgrades happen every day. This means all product specifications and data are subject to change without warning in order t improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colours may vary. Images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any contract or warranty in any way.

Ecodesign and Energy Labelling

This product contains a light source of energy efficiency class **E**

Replaceable (LED only) light source by an end-user

Replaceable control gear by an end-user

Photometric

Lighting type	Total
Light distribution	Asymmetric
CCT (K)	2700
CRI>	90
Extreme cut off	No

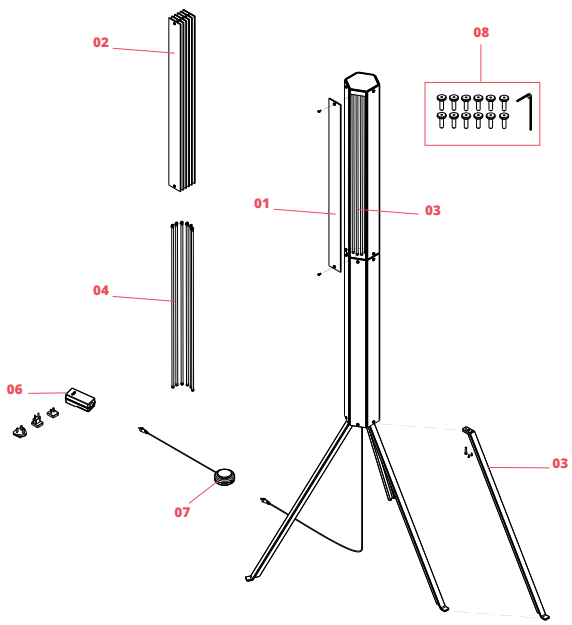

Electrical

Insulation class	III
Frequency (Hz)	50/60
Main voltage (Vac)	100-240
Power supply	Remote included
Dimmable	Yes
Power supply type	Dimmable
Dimming interface	Dimmer Integrated
Plug type	Type G, Type A, Type C
Batteries inside	No
