Zeppelin 1

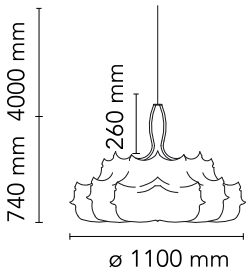

Designed by Marcel Wanders, 2005

Halogen - 250W

Suspension lamp emitting diffused light. Internal structure in powder-coated steel sprayed with Cocoon resin to form the diffuser, protected by a transparent finish. Transparent PMMA candle elements. Faceted crystal globe positioned at the lower centre for a sparkling light effect.

Designed by Marcel Wanders, Zeppelin reimagines the traditional chandelier using the iconic Cocoon technique pioneered by the Castiglioni brothers. Beneath its translucent membrane lies a classic structure, revealed only through light. The floating form, punctuated by candle-like elements and a central crystal detail, balances tradition and imagination, transforming an archetypal object into a luminous, theatrical presence.

In our constantly evolving world and business, technical upgrades happen every day. This means all product specifications and data are subject to change without warning in order t improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colours may vary. Images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any contract or warranty in any way.
