

Brew Stove Top

A steel-bodied stovetop espresso-maker with a polished copper finish, bringing a touch of art deco refinement to the coffee ritual. Given balance and elegance by a solid base and a heat resistant, easy-pour handle, it is ideal for everyday baristas, Sunday-morning connoisseurs and after-dinner espresso aficionados alike.

Process	Sheet stainless steel, deep drawn and formed by multiple complex tools. This product is then polished and copper PVD is applied to the outside of the product to finish. Inside finish is brushed stainless steel.

Cleaning Instructions	Due to the nature of this product the base will blacken over time in reaction to the heat generated from the stove. If the customer has a gas hob, flames should be kept to a minimum to avoid any unnecessary black marks occurring on the side of the product. This product will age well if cleaned correctly after use. Customers should avoid using abrasive agents, as well as any cleaning fluids containing bleach, acid and ammonia.
