DINING TABLE

design Shinsaku Miyamoto

2015

Only supported by four legs, its simple design highlights the thinness of the table top. This superb, modern looking long size table combines strength and designability. Its detailed design, which adds to the wonderful appearance and roundness of a wood grain table top that can only be created with natural wood, also allows one to feel the strong presence and gentleness that wood possesses, as well as bringing a beautiful balance to comfortable, relaxing spaces.
